“Go Green Discovery” Camp (July 5-July 28)

Just beyond the walls of our homes and schools is a wild world of changing weather, shifting landscapes, and teeming wildlife. Get outside and learn how the climate and ecosystems around us influence the way we work and play! Campers will be challenged to designing and making with everyday objects (*recycling*) Tinker, create, and transform old materials into something entirely new! We will utilize a mix of indoor and outdoor space to provide students with hands-on, nature based learning!

- *Go Green Engineering & Technology
- *Nature Drawing & Art
- *coordinate w/local parks and recreations
- *healthy hiking and exploration
- *Horticulture & Environment Learning
- *Swimming at Vought Playground & Pool

“Creative Arts” Camp (July 31-Aug 25)

This session is an outlet for enjoying summer break in a safe and wholesome environment, using creativity and expression and growing in an untraditional learning environment. Campers will experience active learning through hands-on discovery, field experiences, and reflection through written and oral discussion.

- *daily use of creative arts; visual arts, drama, music & dance
- *daily use of technology
- *coordinate w/local drama programs & Fine Arts Specialists
- *regular visits to library
- *day trips on Fridays
- *Swimming at Vought Playground & Pool

Key Offerings

All activities will address the competencies from Common Core Standards in PA for the Campers’ grade levels for creative arts and core subjects (math, science, social studies, & language arts)
